# RESTRUCTURING AND TRANSITION OF AGRIFOOD SECTOR AND RURAL AREAS IN ROMANIA

The **Expert**  
Publishing House

## RESTRUCTURING AND TRANSITION OF AGRIFOOD SECTOR AND RURAL AREAS IN ROMANIA

Co-ordinators:

V. FLORIAN, Dr. D. GAVRILESCU, Dr. D. GIURCĂ, M. RUSALI, C. ȘERBĂNESCU

Authors contribution for the book:

- Cecilia ALEXANDRI** - head of sector, senior researcher at Institute of Agricultural Economics, part I chapters 4.2
- randru DRAGOȘ** - assistant researcher at Institute of Agricultural Economics, part II chapters 5.4
- Violeta FLORIAN** - head of sector, senior researcher at Institute of Agricultural Economics, part II chapters 1.1, 1.3, 2.1, 2.2, 3.1, 4.1
- Dinu GAVRILESCU** - director, senior researcher at Institute of Agricultural Economics, professor, chief of Economic Department, "Bioterra University", part I chapters 5.1, 5.2, 5.3, part II chapters 4.1
- Daniela GIURCA** - scientific secretary, senior researcher at Institute of Agricultural Economics, part I chapters 3.1, 3.2, 4.2, 5.3, 5.4, 6.1
- iana GRODEA** - senior researcher at Institute of Agricultural Economics, part I chapters 4.4
- Iuliana IONEL** - senior researcher at Institute of Agricultural Economics, part I chapters 3.2, 4.7
- riel IONIȚĂ** - senior staff World Bank, part I chapters 3.1
- Cristian KEVORCHIAN** - senior researcher at Institute of Agricultural Economics, part I chapters 5.5
- Jacqueline LEONTE** - head of Department "Projects and Programmes", senior researcher at Institute of Agricultural Economics - part I chapters 3.1, part II chapters 4.2, 5.2
- iona LUBIENIECHI** - senior researcher at Institute of Agricultural Economics, part II chapters 5.3
- odora MOLDOVAN** - senior researcher at Institute of Agricultural Economics, part I chapters 4.6
- Marin POPESCU** - senior researcher at Institute of Agricultural Economics, part II chapters 2.1, 3.1
- ela RUSALI** - senior researcher at Institute of Agricultural Economics, part I chapters 5.4, 6.1, part II chapters 1.4, 5.5
- rioara RUSU** - senior researcher at Institute of Agricultural Economics, part I chapters 2.2, part II chapters 1.1, 1.2, 2.1, 2.2, 2.3, 3.1, 3.2, 3.4, 4.1
- Elena SIMA** - senior researcher at Institute of Agricultural Economics, part I chapters 4.3, 4.5
- elia SÂRBU** - senior researcher at Institute of Agricultural Economics, part II chapters 3.2
- nelia ȘERBĂNESCU** - head of sector, senior researcher at Institute of Agricultural Economics, associated lecturer at "Bioterra" University, part I chapters 1, 2.1, 4.2
- men ȘTEFĂNESCU** - senior researcher at Institute of Agricultural Economics, part I chapters 6.2, part II chapters 2.1, 3.1, 3.3, 3.5
- Filon TODEROIU** - head of sector, senior researcher at Institute of Agricultural Economics, part I chapters 4.1, 6.2, part II chapters 2.1, 3.1, 3.3, 3.5
- za TOMA** - senior researcher at Institute of Agricultural Economics, part II chapters 5.1
- n Marius VOICILAȘ** - assistant researcher at Institute of Agricultural Economics, part I chapters 3.3

Other contributions:

- ct processing: **Mihaela KRUZSLIČKA** assistant at Institute of Agricultural Economics, **țalina DUMITRESCU** assistant at Institute of Agricultural Economics, **Elisabeta ROȘU** assistant at Institute of Agricultural Economics

## Table of contents

Introduction.....	20
-------------------	----

### PART I. AGRIFOOD SECTOR

Chapter 1. PRESENTATION OF ROMANIAN AGRIFOOD SECTOR.....	25
--	----

Review of agricultural policy, markets and trade developments in Romania in 2001.....	25
---	----

1. General overview of economic and agricultural developments ....	25
2. Agricultural production and food consumption.....	27
2.1. Prices of agro-food products .....	28
3. Foreign trade .....	28
4. Agricultural policy developments .....	31
4.1. Structural policies and privatization.....	31
4.2. Domestic support policies.....	33
4.3. Agricultural trade policies.....	39
5. Assessment and outlook.....	41
6. Developments in the process of Romania's accession to EU .....	42
6.1. Brief overview of the EU-Romania relations.....	42
6.2. Pre-accession aid.....	43
6.3. Accession Partnership.....	48
6.4. Twinning.....	49
6.5. Negotiations / screening.....	50

Chapter 2. AGRICULTURAL AND AGRIFOOD POLICIES DURING TRANSITION.....	51
--	----

Agricultural and food policy objectives and measures.....	51
---	----

A. Agricultural Policy Framework.....	51
1. Agro-food policy in the pre-reform period.....	51
2. Agro-food policy in the reform period.....	57
3. Price regulation for specific commodities.....	67

<b>rarian and forestry structures</b> .....	<b>89</b>
1. Agrarian and forestry structures in the rural area .....	89
1.1. Structure of agricultural categories of use and ownership structures .....	89
1.2. Farm structure .....	91
1.3. Crop production structure .....	94
1.4. Livestock production structure .....	97
1.5. Agricultural input structure .....	98
1.6. Forestry structures .....	104
<b>apter 3. ASSESSING THE EFFECTIVENESS OF AGRICULTURAL POLICIES</b> .....	<b>107</b>
<b>vatization of production and processing companies in agriculture</b> .....	<b>107</b>
1. Status of production and processing sector in December 1996 ....	107
1.1. General status of agriculture .....	107
1.2. Main sub-sectors, main characteristics .....	107
1.3. Financial status, fiscal impact .....	110
1.4. Status of private sector and needs for state sector restructuring .....	111
2. ASAL provisions for privatization .....	112
2.1. Targets and deadlines .....	113
2.1.1. Privatization targets prior to Board approval .....	113
2.1.2. Privatization targets for the implementation phase (post-Board) .....	114
3. Implementation .....	115
3.1. Livestock (pig and poultry) farms .....	115
3.1.1. Outcome .....	119
3.2. Grain storage sector .....	121
3.2.1. Outcome (case studies) .....	122
3.3. Companies of Services for agriculture .....	123
3.3.1. Outcome .....	124
3.4. Seeds trading companies .....	124
3.4.1. Outcome .....	124
3.5. State Farms (former IAS - FIAS); land concession .....	125
4. Strategic investors .....	126
4.1. TEC-Miaco (Bucharest) .....	126
4.2. Agricola International Bacau .....	127
4.3. Rompac International .....	127
4.4. Broadhurst Investments .....	128

<b>Restructuring and transition of agrifood sector and rural areas</b> .....	<b>7</b>
4.5. INTERAGRO S.A. ....	129
5. Conclusions .....	130
<b>Grain storage economics - Romania</b> .....	<b>133</b>
1. Grain Market Overview .....	133
<b>Sub investments syndrome in the Romanian agrifood sector</b> .....	<b>158</b>
Introduction .....	158
1. Foreign investments of capital in Romania .....	159
1.1. Origin of investment sources by countries .....	159
1.2. Foreign direct investments in the agrifood sector .....	162
<b>Chapter 4. FOOD SECURITY AND AGRIFOOD MARKETS</b> ...	<b>172</b>
<b>Aggregate demand of agrifood system in Romania - measurement methods and trends</b> .....	<b>172</b>
Introduction .....	172
1. Agrifood intermediate demand - dimensions and determinations .....	173
1.1. Asymmetrical evolutions in the period 1990-1996 .....	173
1.2. Structural depreciation of agricultural intermediary demand .....	174
1.3. Domestic economic competitiveness distortions .....	176
2. Aggregate agrifood consumption demand - measurement and trends .....	180
2.1. Conceptual and information support .....	180
2.2. Methodical reference points for measurement .....	181
2.3. Working hypotheses .....	183
2.4. Prognostic estimations of the agrifood consumption per inhabitant on the short and medium term .....	183
3. Conclusions and openings .....	187
<b>Food security and competitiveness under the incidence of transition</b> .....	<b>189</b>
Abstract .....	189
1. Specificity of the Romanian agrifood transition .....	189
2. Evaluation of agrifood products competitiveness among CEFTA member countries .....	190
3. Food security under transition in Romania .....	197
3.1. Food consumption .....	198

3.2. Population's incomes.....	201
3.3. Domestic agricultural and agrifood supply.....	203
4. Instead of a message .....	204
<b>Requirements and opportunities for building-up the cooperative system: the vegetable growing basin "Vidra" .....</b>	<b>207</b>
Summary .....	207
Introduction .....	207
<b>The milk market in Romania – restructuring of production and selling potential.....</b>	<b>214</b>
The present state of milk production development.....	214
Characteristics of the milk production sector.....	214
<b>Cereal market.....</b>	<b>222</b>
Introduction .....	222
1. Cereal importance in Romania's economy .....	223
1.1. Tradition and continuity in cereal cultivation.....	223
1.2. Environment conditions and cereal crops.....	224
1.3. Demand and supply of cereal and cereal products.....	226
1.4. Cereal product policy.....	232
1.5. Perspective of Romanian cereal products.....	234
2. Common Market Organization for cereals in the European Union.....	235
2.1. Common Agricultural Policy and the Common Market Organization system .....	236
2.2. Evolution of CMO intervention mechanism for cereals.....	238
2.3. Common Market Organization for cereals in the context of EU enlargement .....	239
3. Cereal market reorganization from the perspective of Romania's accession to the European Union .....	241
3.1. EU-enlargement on the variable integration principle.....	241
3.2. Romanian agriculture integration into the European agrarian structures .....	243
3.3. Romanian cereal market integration into the CMO system.....	243
Conclusions .....	245
<b>Meat market.....</b>	<b>247</b>
Meat in world economy.....	247
1. Characteristics and particularities of meat market.....	247

1.1. Meat market organization and operation until 1990.....	248
1.2. Meat market evolution in the transition period.....	249
1.2.1. Meat supply.....	249
1.2.2. Meat demand and consumption.....	252
2. Foreign trade .....	253
3. Economic operators and distribution chains.....	257
4. Prices.....	261
5. Meat market competitiveness .....	263
6. Meat market restructuring co-ordinates for accession to the EU .....	265
6.1. EU policy in the meat sector.....	265
6.2. Meat sector restructuring in Romania.....	267
<b>Sugar beet – key study .....</b>	<b>270</b>
Introduction .....	270
Cultivated area decrease.....	270
Production cost of sugar beet is highest.....	271
Imports of sugar are increasing .....	273
Domestic consumption of sugar is down .....	273
Scenarios for cover Romania self-supply of sugar and implicit costs of it.....	274
<b>Chapter 5. POLICIES AND POTENTIAL IMPACTS OF EU ACCESSION UPON WELFARE .....</b>	<b>278</b>
<b>Enlargement perspectives in the agrifood system of the CEECs.....</b>	<b>278</b>
Abstract.....	278
1. What do EU and CEECs want? .....	278
2. Potential advantages and disadvantages.....	279
3. Evolution of the agrifood sector in CEECs.....	282
4. Transition - a race?.....	282
5. What does the experience say? .....	286
6. A historic argument for getting out of poverty .....	287
<b>Is Romania a powerful food partner of an enlarged European Union?.....</b>	<b>292</b>

Abstract.....	292
Part I.....	292
Part II.....	295

**Impact of the EU enlargement on the Romanian agrifood or review of cost and benefit analysis..... 303**

Conclusions.....	311
------------------	-----

**Economic effects of adoption CAP in Romania..... 314**

Abstract.....	314
---------------	-----

Objective.....	314
----------------	-----

Method.....	315
-------------	-----

Assumptions.....	315
------------------	-----

Main results and negotiation comments.....	315
--	-----

Conclusion.....	320
-----------------	-----

**Some considerations about integrated administration**

**Control systems implementation..... 322**

Introduction.....	322
-------------------	-----

Parcel identification.....	323
----------------------------	-----

Electronic identification of animals.....	324
---	-----

IT architecture for IACS.....	325
-------------------------------	-----

Possible changes in the IACS system.....	326
--	-----

Conclusions.....	327
------------------	-----

**Part 6. CHALLENGES OF INTERNATIONAL COMPETITION AND RESPONSES IN AGRIFOOD TRADE..... 328**

**Constraints and perspectives of the Romanian's accession to EU, within WTO commitments on agriculture..... 328**

Abstract.....	328
---------------	-----

Introduction.....	329
-------------------	-----

Objectives and Methods.....	331
-----------------------------	-----

Results.....	333
--------------	-----

1. Market access.....	333
-----------------------	-----

2. Domestic support.....	335
--------------------------	-----

3.3. Export Subsidies.....	335
4. Conclusions.....	338

**Agrifood economy in Romania: loss on internal and external competitiveness..... 341**

Abstract.....	341
---------------	-----

1. Agrifood Economy in Romania.....	342
-------------------------------------	-----

1.1. Macroeconomic Framework of the Agrifood Sector.....	342
--	-----

1.2. Agrifood Disintegration – Dimensions and Implications.....	345
---	-----

2. Domestic competitiveness distortions.....	349
--	-----

2.1. Intermediary consumption efficiency decline.....	349
---	-----

2.2. Worsening condition of real price “scissors”.....	351
--	-----

3. Deterioration as regard external competitiveness.....	352
--	-----

3.1. Agrifood economy insertion in external trade flows.....	352
--	-----

3.2. External commercial opening through imports – expression of external competitiveness loss.....	354
---	-----

**PART II. POLICIES AND SOCIO-ECONOMIC BEHAVIOURS IN RURAL AREAS**

**Chapter 1. CONCEPTS AND POLICIES FOR RURAL DEVELOPMENT..... 359**

**Concepts, policies, programs and institutions of rural development in Romania..... 359**

1. A short review of rural development in the transition period.....	359
--	-----

2. Rural development concept approach.....	361
--	-----

3. Current governmental policies promoting rural development.....	362
---	-----

4. Critical areas.....	364
------------------------	-----

5. Analysis of agricultural and non-agricultural components of rural development.....	364
---	-----

6. Institutional structures.....	372
----------------------------------	-----

7. System and operation of agricultural extension services.....	375
---	-----

8. Sustainable rural development.....	375
---------------------------------------	-----

**From agrarian policy to rural policy: Romania in transition..... 378**

1. Introduction.....	378
2. Agricultural and Rural Society.....	379
2.1. Demographic and Social Characteristics.....	379
2.2. Economic structures.....	380
2.3. Technical and social infrastructure.....	383
3. Agricultural and rural policy.....	384
3.1. Agrarian policies.....	384
3.2. Rural policies.....	388
Conclusions.....	390

<b>cial efficiency of harmonization to Europe legislation: omania's case.....</b>	<b>391</b>
---	------------

<b>chmarks in designing a rural development policy Romania.....</b>	<b>397</b>
---	------------

Abstract.....	397
---------------	-----

1. Introduction.....	397
----------------------	-----

2. Overview on the Romanian rural development policy.....	398
---	-----

2.1. The emergence of a rural concern.....	398
--	-----

2.2. What are the problems?.....	400
----------------------------------	-----

2.3. The need for 'joined-up' thinking and action.....	402
--	-----

2.4. Policy and institutional design.....	404
---	-----

3. Instruments for pre-accession policy.....	406
--	-----

4. Conclusions.....	408
---------------------	-----

<b>apter 2. INSTITUTIONAL CHANGES AND IMPACTS ON RURAL SOCIETY.....</b>	<b>411</b>
---	------------

<b>id laws and related legal institutions to support velopment of land markets and farm restructuring</b>	
---	--

<b>Romania.....</b>	<b>411</b>
---------------------	------------

1. Land Laws and Related Legal Institutions.....	411
--	-----

1.1. Land Laws.....	411
---------------------	-----

1.1.1. Legislation on Land Sale and Land Purchase.....	413
--	-----

1.1.2. Leasing legal framework.....	414
-------------------------------------	-----

1.1.3. Information system regarding buying, selling	
---	--

and leasing of agricultural land.....	416
---------------------------------------	-----

1.2. Related legal institutions.....	417
--------------------------------------	-----

2. Impact of Land Legislation and Related Legal Institutions on Land Market.....	419
---	-----

2.1. Dynamics of agricultural land markets.....	419
---	-----

2.2. Land leasing dimension.....	422
----------------------------------	-----

3. Impact of Land Laws and Related Legal Institutions on Farm Restructuring.....	424
---	-----

3.1. The Private Sector.....	424
------------------------------	-----

3.2. The State Sector.....	428
----------------------------	-----

Annexes.....	430
--------------	-----

<b>Rural household between restructuring and resistance to change.....</b>	<b>433</b>
--	------------

1. Methodological aspects.....	433
--------------------------------	-----

2. Population and labor force.....	434
------------------------------------	-----

3. Rural domestic area.....	435
-----------------------------	-----

4. Financial behavior.....	437
----------------------------	-----

5. Sale of agricultural products.....	438
---------------------------------------	-----

6. Entrepreneurial orientations.....	439
--------------------------------------	-----

7. Productive options.....	439
----------------------------	-----

8. Agricultural land operation.....	441
-------------------------------------	-----

Conclusions.....	441
------------------	-----

<b>The non-farm sector and rural development.....</b>	<b>443</b>
---	------------

Abstract.....	443
---------------	-----

1. Introduction.....	443
----------------------	-----

2. Occupational structures in the rural area.....	444
---	-----

3. Industrial activities in the rural area.....	445
---	-----

4. Handicraft activities (cottage industry) and services.....	446
---	-----

5. Rural tourism.....	447
-----------------------	-----

6. Small and medium-sized enterprises.....	448
--	-----

7. "Economic activity development and diversification for multiple job creation and alternative incomes" - main direction of the National Program for Agricultural and Rural Development (NPARD).....	449
--	-----

8. Conclusions.....	450
---------------------	-----

**Chapter 3. RURAL DEVELOPMENT PATTERNS AND ANALYSIS OF RURAL-URBAN DISPARITIES..... 451**

**Institutional patterns of rural development. Case study: Romania..... 451**

- 1. Ownership institution ..... 457
- 2. Organizational behaviour..... 458
- 3. Land market..... 458
  - 3.1. Land sale-purchase..... 458
  - 3.2. Land leasing..... 459
- 4. Market of products ..... 461
  - 4.1. Crop production utilization..... 461
  - 4.2. Livestock production utilization..... 463
- 5. Market of services..... 464
- 6. Market of inputs ..... 465
- 7. Financial market ..... 466
- 8. Labour market..... 467

**Regional disparities in the economic development of the Romanian rural area..... 469**

- Abstract..... 469
- 1. Romanian rural area: a short presentation ..... 469
- 2. Methodological specifications..... 470
- 3. Territorial economic zoning..... 472

**Agricultural gaps – vectors of social-economic disparities in Romanian rural areas ..... 477**

- 1. Essential correlations and structural mutations in agriculture..... 478
- 2. Measuring regional economic gaps..... 479
- 3. Annexes..... 489

**Rural-urban disparities of food consumption pattern in Romania..... 493**

- Abstract..... 493
- 1. Introduction..... 493
  - Method and data used..... 494
  - Food dilemma: equity and efficiency ..... 495

- 3. Food consumption in the transition period: tendencies and determining factors..... 496
- 4. Disparities between the rural and urban food consumption pattern..... 500
- 5. Conclusions ..... 503

**Fragile viability of rural industries in Romania: a zonal case study ..... 505**

- Abstract..... 505
- 1. Overview of the investigated zone..... 505
  - 1.1. Identified economic activities in the period 1991-1999..... 506
  - 1.2. The operating economic agents, period 1991-1999..... 506
- 2. The zonal rural industries – criteria for structural analysis..... 507
  - 2.1. The structure by homogenous groups of activities..... 507
  - 2.2. The structure by number of salary workers ..... 508
  - 2.3. The structure by turnover ..... 508
- 3. Zonal rural industries – achieved economic performances ..... 509
  - 3.1. Sectoral productivities ..... 509
  - 3.2. The correlation: achieved performance – development potential..... 510
- 4. Conclusions ..... 511

**Chapter 4. FAMILY FARM RESTRUCTURING AND CHARACTERISTIC BEHAVIOURS ..... 512**

**Family farm restructuring in CEE: causes, efficiency and policy implications..... 512**

- 1. Field survey methodology..... 512
- 2. Family farm – demographic and social dimension..... 516
  - 2.1. Who is Romania's agricultural population?..... 517
  - 2.2. Occupational structure of population aged more than 15 in the rural area..... 520
  - 2.3. Rural households profile according to component members' activity sector (aged more than 15)..... 521
  - 2.4. How is the land farmed?..... 522
- 3. Family farm and the domestic space ..... 525
  - 3.1. Rural household – financial and institutional behaviour..... 529
- 4. Economic-technical dimension ..... 539
  - 4.1. Land leasing..... 539

4.2. Crop production.....	541
4.3. Livestock production.....	545
4.4. Sale of agricultural products.....	548
4.5. Agricultural inputs.....	550
5. Family farm. Organizational dimension .....	552
<b>Individual farming in Romania.....</b>	<b>556</b>
1. Introduction.....	556
2. Farm typology.....	556
2.1. Farm structure.....	556
2.2. Size distribution of individual farms.....	560
2.3. Rural population engaged in farming and its development in the transition period.....	565
2.4. Land tenure and ownership in individual farms.....	568
2.5. Marketing and income sources.....	572
2.6. Income distribution of individual farm households.....	578
3. Institutional Environment.....	581
3.1. Legislation on individual farms.....	581
3.2. Government policies on individual farms.....	583
3.3. Availability of upstream inputs and services for individual farms.....	584
4. Self-Help Organizations of Individual Farmers:.....	589
4.1. Farmer and government attitudes.....	589
4.2. Links with large-scale farms.....	590
4.3. Types of farm self-help organizations.....	592
Annex.....	597
<b>Chapter 5. SUSTAINABLE DEVELOPMENT AND AGRICULTURE     ENVIRONMENTAL POLICIES.....</b>	<b>606</b>
<b>Farming systems and rural community welfare from an         environmental perspective. A case study on agricultural         point source pollution in Romania.....</b>	<b>606</b>
Introduction.....	606
Methodological issues.....	606
2.1. Farm survey.....	607
2.2. Agri-environmental indicators.....	608
2.3. Societal preferences.....	609
2.4. Environmental impacts.....	611
Results.....	612

3.1. Farm socio-economic characteristics.....	612
3.2. Farm financial resources.....	616
3.3. Farm management and the environment.....	617
3.4. Use of farm inputs.....	620
3.5. Societal preferences.....	622
3.6. Environmental impacts.....	622
3.6.1. Soil quality.....	622
3.6.2. Water quality.....	623
4. Conclusion.....	626
<b>Environmental effects of transition: a case study on Romanian irrigation system.....</b>	<b>629</b>
1. Introduction.....	629
2. Background.....	629
2.1. Romanian land reform and economic structures.....	629
2.2. The Romanian Irrigation Sub-sector.....	631
2.2.1. Institutional changes.....	631
2.2.2. State of the sub-sector.....	632
3. Methodology.....	635
4. The case-study - general framework.....	638
5. Players involved.....	640
6. Property of transactions.....	648
7. Institutional arrangements.....	650
7.1. Aspects concerning Property rights to nature components.....	650
7.2. Governance structures for agri-environmental relations.....	653
8. Causalities, results and recommendations.....	658
8.1. Determinants of changes.....	658
8.2. Results and recommendations.....	658
<b>The possible effects of Romanian agri-environmental policies.....</b>	<b>664</b>
Abstract.....	664
1. Introduction.....	665
2. Environment Conditions and Romanian Agriculture Situation.....	665
3. Institutional and legal framework.....	668
4. Pleading for organic farming.....	670

<b>Environment preservation in Romanian rural development context.....</b>	<b>676</b>
1. Legislative framework.....	677
2. The contribution of some economic factors in pollution control.....	679
3. Environment preservation in Romanian rural development context.....	682
3.1. Options to reduce N2O emissions from soils.....	682
3.1.1. Improvement of fertilizer use efficiency.....	682
3.1.2. Continuation of set-aside.....	682
3.2. Options to reduce enteric methane emissions.....	683
3.3. Option to reduce greenhouse gas emissions from manure management.....	683
<b>How does Romanian pre-accession rural policy face the challenges of agri-environmental sustainability?.....</b>	<b>685</b>
Abstract.....	685
1. What is the place of agri-environment in a rural development policy?.....	686
2. Overview of agro-environmental situation in Romanian rural areas.....	687
3. Policy framework for sustainable environment.....	691
4. Sustainable rural development in Romanian pre-accession policy.....	693
4.1. Environmental measures supported by SAPARD.....	693
4.2. Implementing institutions and legislative package of environmental measures.....	695
5. Conclusions.....	697
<b>AE CURRICULUM VITAE 2002.....</b>	<b>699</b>
1. General background.....	699
2. Activities and fields of interest.....	701
